this is a major update for me the epub production techniques have changed quite a bit both for fixed layout and for reflowable epub s many of the changes i ve been waiting for with epub production have been implemented indesign now stands at the top of the heap for book production in general and epub production in particular you do not need to know code though understanding

how html and css works will aid your conceptual understanding i was lukewarm about fxl until i realized that the new fixed layout epub would show gradient paragraph rules gradient strokes and fills in tables and much more the only major things we're missing are justification and hyperlinked text does not work in fxl the exported epub upload flawlessly to the ibooks store and kobo writing life finally the 21st century book publishing software we need is within our grasp there's still more to come but this version is very good

these hands on exercises teach you how to define a site work with tables to lay out pages create javascript rollovers create frames use cascading style sheets effectively and much more this book comes complete with insider tips is illustrated with detailed graphics and accompanied by a cd loaded with classroom proven exercises and quicktime movies

a guide to the authoring process demonstrates how to use html to create and maintain pages while discussing design tables forms style sheets and navigation aids

this fully updated edition features brand new image files and exercises quicktime movie tutorials help illustrate complex techniques and the companion cd rom contains sample files images and a demo version of dreamweaver mx

a thorough reference to netscape and building home pages for use with netscape browsers this book includes comprehensive coverage of all aspects of the new version of netscape navigator including netscape's new groupware alternatives e mail and discussion group enhancements offline and mobile support and enhanced html and layout features the cd includes netscape navigator gold

size matters tackles the challenges that designers face when organizing large amounts of information projects such as company reports magazine and book design exhibitions catalogues timetables and directories all invoke particular design questions that must be resolved this book will inspire designers to take on large projects with confidence chapters explore navigation and hierarchies placement of images for overall rhythm of viewing management of volume of material and systems for processing it as well as the physical considerations of format whether this is the information architecture of the web placement of exhibition stands or print limitations in book design using illustrated essays real world examples pull out interviews with leading design figures and extended captions size matters allows for first hand experiences and detailed practical specifics providing the reader with the skills inspiration and knowledge to succeed with projects that can at first seem daunting

this non software specific workbook on internet projects covers a variety of topics such as browsers page design business applications e mail and research techniques this text contains everything you need for internet activities back cover

search engine visibility is about designing writing and creating a web site primarily for a site's visitors and helping them find what they are searching for via the major search engines directories and industry related sites this book teaches developers designers programmers and online marketers what pitfalls to avoid from the beginning so they can provide their clients with more effective site designs it includes up to date information on new developments such as blogs video and podcasts web applications and more
