dave arch magician trainer and coauthor of dealing with difficult participants adds magic to your training with these 114 tricks and teasers you will be able to use most of these fun tips immediately with little practice and readily available objects use magic to fire up imagination get participants involved in your session invoke challenging situations add fun to training sessions motivate participants to learn and much more if you talk and talk your participants can stop listening but present a jaw dropping trick and audiences remember you and your training don t let them regret it don t let them forget it say it with magic

the articles or ravings in this book give the reader a glimpse inside just what i think about dog training they are small snippets and articles on the way to understand how to speak dog as a second language vs the tired and old ideas of the dog listening and doing what i want because i am the human i hope to inspire you with these articles and whet your appetite to learn even more about a science based positive reinforcement way of keeping it simple stupid and if nothing else to at least having fun while training your dog mike

seminar paper from the year 2021 in the subject didactics common didactics educational objectives methods language english abstract action research in education can be defined as the process of studying a school situation to understand and improve the quality of the educative process it provides practitioners with new knowledge and understanding about how to improve educational practices or resolve significant problems in classrooms and schools this time action research is an attractive option for teacher researchers school administrative staff and other stakeholders in the teaching and learning environment to consider particularly action research allows tvet trainers to learn through their actions with the purpose of developing personally or

professionally properly designed and implemented action research has a number of benefits for tvet trainers according to hensen action research a helps trainers develop new knowledge directly related to their classrooms b promotes reflective teaching and training thinking c expands trainers pedagogical repertoire d puts trainers in charge of their craft e reinforces the link between practice and trainees achievement f fosters an openness toward new ideas and learning new things and g gives trainers ownership of effective practices moreover action research workshops can be used to replace traditional ineffective trainer s in service capacity building training as a means for professional development activities making action research in the context of the respective college is one of the challenges that can be observed even though the majority of trainers at this time have different research concept but making their concept contextualize to the context of work is challenging some trainers are not familiar with the problems in their tvet college which need solution through action research this may be not only due to his her limited knowledge of research processes or his her unpreparedness for identifying the problem but also lack of tvet contextual action research manuals and guidelines therefore providing teachers with the necessary skills knowledge and focus to engage in meaningful inquiry about their professional practice will enhance this practice and effect positive changes concerning the technical vocational educational and training goals of the learning community
