what does it mean to spend a life looking at the world honestly the inattentive eye the life work and radical vision of martin parr is a comprehensive study of one of documentary photography s most significant and most misunderstood practitioners a photographer who built a career on the conviction that the ordinary social world of beaches supermarkets tourist attractions and high streets contained everything worth seeing and who proved it through six decades of patient affectionate unsparing observation beginning with the formative years in suburban surrey and the quiet experimental work of the early 1970s the book traces the full arc of a practice that transformed the possibilities of documentary photography it examines the formal choices the shift from black and white to colour the close range the flash in broad daylight that generated fierce critical resistance before becoming foundational to a generation of photographers who came after it follows the career through the contested magnum membership that forced the institution to expand its understanding of its own tradition through the global projects that tested whether a visual language developed on the english seaside could translate to tokyo lagos and the american midwest and through the collecting practice postcards kitsch photobooks that was never separate from the photography but always the same act of attention in a different form along the way the book makes a larger argument that the quality of attention a photographer brings to the world is not a technical skill but a philosophical practice and that the specific discipline of looking honestly at the ordinary without aesthetic elevation without compassionate gravity without the filter of conventional photographic seriousness changes not only the photographs it produces but the life that produces them each chapter combines close analysis of the work with accessible explanations of the key concepts it raises practical exercises designed to develop the reader s own observational practice and the kind of sustained honest engagement with a subject that parr s own work has always demanded of its viewers the inattentive eye is

finally a book about what the world looks like when you look at it properly it turns out to be funnier stranger more human and more entirely sufficient than you were ever told it would be
